

Who can replace a water meter?

Recently, Safety and Buildings Division staff members were asked if replacement of an existing water meter is included in the license exemptions found in s. 145.06(4), Wisconsin Statutes.

The language in s. 145.06(4)(d) states there is a license exemption for “making minor repair to faucets, valves, pipes or appliances, repair or replacement of electrical or gas energy or other automatic valves or control devices or removing of stoppages in waste or drainage pipes.”

After review, the answer to the water meter question is, “Yes, the license exemption does include the replacement of an existing water meter; a plumbing license is not required.”

Because this license exemption relates to minor repairs and replacements, the license exemption only applies when the

Wisconsin Construction Codes Report

Safety and Buildings
Division, December, 2004

[www.wisconsin.gov/
state/app/wizard](http://www.wisconsin.gov/state/app/wizard)

www.wisconsin.gov

meter is replaced by loosening the adapters, removing the meter, and replacing the meter within the same space. If a pipe is cut in order to replace a meter, then this license exemption does not apply.

If you have questions regarding meter replacement, contact Lynita Docken, Plumbing Program Manager, Ldocken@commerce.state.wi.us, 608-735-9330.

Commercial buildings, historic buildings code changes expected January 1, 2005

Commercial buildings and historic buildings code changes adopted in late October and early November are expected to be effective January 1, 2005 (or soon thereafter, depending upon the legal publication date).

The Comm 61-65, Commercial Buildings Code, package is a group of miscellaneous changes that are a follow-up to the 2002 major Comm 61-65 changes.

The rule modifications in Comm 70, Historic Buildings, and the accompanying creation of rules under Comm 62, are to improve the consistency of construction requirements for historic buildings with the requirements of the Commercial Building Code, and to update technical requirements for historic buildings.

Adopted drafts of both packages are on the S&B WebSite, <http://www.commerce.state.wi.us/SB/SB-CodeDevelopment.html>.

Winter 2004 Plumbing and POWTS Continuing Education

Put a check mark in front of the classes you wish to attend.

“Plumbing Exam Prep/Part 1, Miscellaneous Code Requirements” Taking an exam or need a code refresher? Part 1 covers a variety of issues in the code that may be a part of an MP or JP exam, including wastewater treatment devices, cross connection control, indirect and local wastes, health care facilities, and more! Three credit hours for MP, JP, Commercial Plumbing Inspector, UDC Plumbing Inspector – 8:30 to 11:30 a.m. - Course 6483 - Cost \$45

- ☐ Fond du Lac, 12/7/04 (Holiday Inn, 625 Rolling Meadows Drive, 920-923-1440)
- ☐ Eau Claire, 12/15/04 (Holiday Inn-Campus, 2703 Craig Rd, 715-835-2211)
- ☐ Wausau, 1/11/05 (Plaza Hotel & Suites, 201 N 17th Ave. 715-845-5773)
- ☐ Portage, 1/18/05 (Best Western Resort Hotel & Convention Center, 2701 Cty Rd CX, 608-742-2200)

“Plumbing Exam Prep/Part 2, Drain and Vent Design” This course provides an explanation of venting scenarios that are code compliant in Wisconsin, including vent sizing, stack vents, vent stacks, and the sizing of drain systems. Three credit hours for MP, JP, Commercial Plumbing Inspector, UDC Plumbing Inspector - 12:30 to 3:30 p.m. - Course 6484 - Cost \$45

- ☐ Fond du Lac, 12/7/04 (Holiday Inn, 625 Rolling Meadows Drive, 920-923-1440)
- ☐ Eau Claire, 12/15/04 (Holiday Inn-Campus, 2703 Craig Rd, 715-835-2211)
- ☐ Wausau, 1/11/05 (Plaza Hotel & Suites, 201 N 17th Ave. 715-845-5773)
- ☐ Portage, 1/18/05 (Best Western Resort Hotel & Convention Center, 2701 Cty Rd CX, 608-742-2200)

“Plumbing Exam Prep/Part 3, Water Sizing” How to properly size the water service and water distribution. Three credit hours for MP, MPRS, MPRA, JP, JPRA, JPRS, Commercial Plumbing Inspector, UDC Plumbing Inspector - 8:30 to 11:30 a.m. - Course 6485 - Cost \$45.

- ☐ Fond du Lac, 12/8/04 (Holiday Inn, 625 Rolling Meadows Drive, 920-923-1440)
- ☐ Eau Claire, 12/16/04 (Holiday Inn-Campus, 2703 Craig Rd, 715-835-2211)
- ☐ Wausau, 1/12/05 (Plaza Hotel & Suites, 201 N 17th Ave. 715-845-5773)
- ☐ Portage, 1/19/05 (Best Western Resort Hotel & Convention Center, 2701 Cty Rd CX, 608-742-2200)

“Plumbing Exam Prep/Part 4, POWTS Basic soils, application rates, component manuals, and design of conventional, pressure, and mound systems. Three credit hours for MP, MPRS, JP, JPRS, Commercial Plumbing Inspector, POWTS Inspec., POWTS Maint., CST - 12:30 to 3:30 p.m. - Course 6486 – Cost \$45

- ☐ Fond du Lac, 12/8/04 (Holiday Inn, 625 Rolling Meadows Drive, 920-923-1440)
- ☐ Eau Claire, 12/16/04 (Holiday Inn-Campus, 2703 Craig Rd, 715-835-2211)
- ☐ Wausau, 1/12/05 (Plaza Hotel & Suites, 201 N 17th Ave. 715-845-5773)

Plumbing education renewed in changing times

by Lynita Docken, S&B Plumbing Program Manager, Ldocken@commerce.state.wi.us, 608-785-9349

Advanced Plumbing Certificate Program:
How Did It Originate? What is it?
How can I learn more or sign up?

Several years ago, three things happened to change the educational expectations among the plumbing industry in Wisconsin.

The **first** was when Karen Morgan, bureau director for the Bureau of Apprenticeship in the Department of Workforce Development (DWD), announced a new federal initiative to promote “Trade Master” programs, designed to bring journeymen to a higher level of knowledge and understanding in their trade.

She asked the state Plumbing Apprenticeship Committee members if they would be interested in a “Trade Master” program for plumbing in Wisconsin? They answered in the affirmative, though recommending a different name, so the Master Plumber license in Wisconsin would not be confused with a new educational program. Morgan suggested: “Advanced Plumbing Certificate” (APC) and the program was on its way.

The **second** educational turning point was a dilemma that needed a solution. Apprenticeship instructors needed more time in the apprenticeship day school schedule in order to adequately cover the broad range of topics in the plumbing trade. The apprentices' required hours had been expanded to accommodate the increased demands. Instructors repeatedly have told me that the single opportunity to learn everything in the plumbing trade - from apprenticeship to master, from stormwater to reuse to multi-purpose piping systems - was during the apprenticeship. So the envisioned APC could help, providing an opportunity for a second, separate educational

program that would focus on the issues more directly related to the MP duties. This would allow the apprenticeship curriculum to focus on preparing a student to become a Journeyman Plumber.

The **third** influence was that some people were asking if the MP license really is necessary? Are the duties of the MP significantly different than those of the Journeyman? If the MP exam could be taken by simply waiting three years, what was the purpose of the exam?

The answers to these questions began to develop during the evaluation of the surveys that DWD and the Safety and Buildings Division jointly sponsored a few years ago. Questions were asked about what plumbers believed were the duties of the JP and MP. The results basically seemed to say that an MP drew plans for state or local plan submittal; and supervised work crews on a business, preparing apprentices and JPs for the next level exam. A JP, on the other hand, concentrated on installation and repairs.

The survey showed differences between the licenses, but it seemed the educational system didn't support the differences. The thought was that the apprentice and journey education could focus on their immediate needs and the APC program could provide advanced training for the duties of an MP.

The state apprenticeship committee worked with S&B's Licensing Council and Plumbing Advisory Code Council to develop courses and the licensure options for people who wanted to follow the APC path.

In fact, the APC was built along four tracks: Technical Mechanical (indoor plumbing), Technical Environmental (storm and POWTS), Plumbing Business, and Instructor. Each has base requirements of plumbing and communication

courses. Then the tracks have specialized courses that lead the applicant to an Advanced Plumbing Certificate degree. Completion of the program gains an Associates Degree, which could be applied toward a Bachelor of Science degree.

A plan was constructed by S&B and the Wisconsin Technical College System for beginning the technical classes for APC.

- Winter of 2005 – Plumbing Materials and Natural Soils (See page 3.)
- Fall of 2005 – Water Treatment
- Winter of 2006 – Fluid Mechanics
- Fall of 2006 – Comprehensive Interior Design and POWTS Design
- Winter of 2007 - Advanced Interior Design and Storm Design

The APC program is a challenge for anyone in the trade who would like to advance their knowledge base. I think it also will take part of the anxiety away from preparing for the MP exam.

If you'd like to learn more about the program or sign up, Contact Karen Morgan at the DWD Bureau of Apprenticeship Standards, karen.Morgan@dwd.state.wi.us, 608-266-3133.

Pool code changes based in national standard

Changes to Comm 90, Design and Construction of Public Swimming Pools Code, were adopted by Department of Commerce Secretary Cory Nettles on November 11, 2004, with February 1, 2005 expected as the effective date.

The adopted rules revise a portion of the code in light of a national draft model standard for water parks, ANSI/NSPI-9, Standard for Aquatic Recreation Facilities. This national standard is not being officially adopted by reference, but was

Fire Dues Program language revised

Proposed revisions to Comm 14, Fire Prevention Code, dealing with administrative expenses and substantial compliance in the Fire Dues Program, were adopted by Department of Commerce Secretary Cory Nettles on November 9, 2004. The changes are expected to be effective January 1, 2005.

The adopted draft of the code packages is on the S&B WebSite, <http://www.commerce.state.wi.us/SB/SB-CodeDevelopment.html>.

Question may be directed to Joe Hertel, S&B Fire Prevention Program Director, jhertel@commerce.state.wi.us, 608-266-5649.

Post-construction stormwater management classes

Two-day technical workshops about new regulations on post-construction stormwater management will be in Eau Claire and Green Bay in December for municipal officials and designers. There is a fee.

An informational brochure is on the S&B education Web page under "Plumbing," <http://www.commerce.state.wi.us/SB/SB-DivContinuingEducation.html>.

viewed as a base code, and modified for use in Wisconsin.

The major proposed revisions to Comm 90 relate to the creation of two subchapters:

Subchapter IV - Water Attractions, which includes water parks and other water attractions such as interactive play features, and Subchapter V - Slides, which is being created and expanded to address these common pool features.

The adopted draft of the revisions is online, <http://www.commerce.state.wi.us/SB/SB-CodeDevelopment.html>.

For more information, contact S&B's Public Swimming Pool Program Manager, Ldocken@commerce.state.wi.us, 608-785-9330.

Understanding the Uniform Dwelling Code - Preventing Energy Code Errors

Presented by the Safety and Buildings Division, Energy Center of Wisconsin, Wisconsin Builders Association

Register online: www.ecw.org/udctraining

UDC

Public swimming pool plan submittal and inspection training in January and February

The Safety and Buildings Division is offering training in Waukesha and Wausau on the plan submittal and inspection requirements for public swimming pools in Wisconsin. **This training is free**, but pre-registration is required.

- What is needed on a complete plan submittal, including application forms, drawings, pipe schematics, labeling, fees, signatures, etc.

- An inspection checklist will be handed out to inform the designer, contractor, etc., exactly

what the inspector will be looking for on site.

- The recently revised administrative rules on water recreation attractions that will be in effect next year will be explained.

- Which types of slides need plan review and inspection will be featured.

- There will be review of S&B's swimming pool Q&A Web site info.

- Attendees will receive a free copy of the current Comm 90, Design and Construction of Public Swimming Pools.

Checkmark which class you plan to attend:

___ Wausau - 1/13/05 (Plaza Hotel & Suites, 201 N. 17th Ave., 715-845-5773) 12:30 p.m. - 4:30 p.m.

___ Waukesha - 2/2/05 (Quality Inn, 2417 Bluemound Rd., 262-786-0469) 12:30 p.m. - 4:30 p.m.

Fill out information. Make a copy for yourself and send form back to S&B. Each student must complete a separate registration form. Pre-registration is required. Arrive 30 minutes early to check in. No confirmation letters will be sent. Seating is limited. Lists of people registered for the classes will be on the S&B WebSite after Dec. 1, 2004, <http://www.commerce.state.wi.us/SB/SB-DivContinuingEducation.html>.
